**Join Designs for Health and naturopath Jabe Brown
for our Free September Business Webinar.**

Are you ready to align your clinical passion with financial success?

In this exclusive Practice Mastermind webinar, Jabe Brown shares a clear, actionable blueprint for building a values-driven business model that supports both patient outcomes and sustainable profitability.

Whether you're just starting or looking to restructure your existing clinic, this session will help you clarify your vision, set meaningful goals and implement a model that brings purpose and profit into harmony.

In this session, you'll learn the key drivers of a profitable, purpose-led practice, how to define your business vision and values to guide decision-making, and the core pillars of a leveraged business model that supports time freedom. You'll also discover practical strategies to attract aligned patients, increase your impact, and grow revenue – all without burnout.

This session is ideal for practitioners wanting to take their business to the next level while staying rooted in patient-centred care.
